About RJ Young

With a footprint throughout the Southeast, RJ Young is an industry leader providing technology solutions that power your business. We help small to enterprise-level organizations transition into modern workplaces and increase productivity with comprehensive managed IT solutions, office equipment and technology, business process outsourcing, digital communications and more.

After more than 60 years in operation, we are proud to be a work home to more than 600 team members and serve businesses in more than 30 sales and service locations across nine states. In everything we do, we stay anchored to our core values of honoring our people, customers, and communities.

Our Approach

We are not here to sell you technology. We are here to help you achieve outcomes. To accomplish this, we leverage a four-step approach.

1. Goal exploration
2. Process optimization
3. Technology implementation
4. Process management

In-House Leasing with RJ Young

Give your business financial flexibility with our in-house leasing programs. With the option to upgrade to new and improved equipment at the end of each leasing term, your organization will always have access to the latest technology – helping you stay as efficient as possible.
