

Fire Department Report

I Would Like to Discuss:

1_ First Due Fire Software.

2_ Budget for having a 8am – 6pm shift for one person. It will pay \$15.00/hr.. \$150/shift. For a firefighter to be at the station to respond on calls.

3_ I have completed building the stairs (except for painting) and working on the rails now.

4_ I am responding to some calls that I get on my phone in Mason.

Thanks, Darryl Hartfield Fire Chief
